PROFILE

Java Full Stack Developer with **1+ year of combined professional and internship experience** building scalable, responsive web applications using **Java, React.js, Spring Boot, Hibernate, and RESTful APIs**. Proficient in **MySQL database integration** and component-based frontend architecture. Delivered production-ready projects, including a multi-role **Career Portal** with **JWT authentication and role-based authorization**. Familiar with **Object-Oriented Programming (OOP)** principles and backend application development.

PROFESSIONAL EXPERIENCE

Software Developer, Accure Softech Pvt. Ltd. October 2025 – July 2026 | Pune

- Worked on the **Career Portal mini project** using **Java, Spring Boot, Hibernate, MySQL, and React.js**.
- Developed **RESTful APIs**, backend business logic, and database integration using Spring Boot and Hibernate ORM.
- Implemented **JWT authentication and role-based authorization** for Admin, Recruiter, and Candidate modules.
- Developed features including **job posting, job search, application tracking, and role-based dashboards**.
- **Employment concluded in July 2026 following the closure of the company.**

Software Developer Intern March 2025 – September 2025 | Pune.
Pawar Technology Services

- Developed **5+ responsive web applications** using React.js, HTML5, CSS3, and JavaScript.
- Integrated **RESTful APIs** and managed real-time data using Java and Firebase.
- Built reusable React.js components and implemented UI animations using **Framer Motion**.
- Resolved **20+ UI bugs** and collaborated with cross-functional teams in an **Agile development environment**.

COURSES

Java Full Stack Development , Skillio (TestingShastra) Pune

React Development , Skillio (TestingShastra) Pune

CERTIFICATES

Java Full Stack Development With React JS

SKILLS

Programming Language

Core Java

Frontend Technology

React.js, JavaScript, HTML , CSS, Bootstrap, Framer Motion

Tools

VS Code, STS, Eclipse, Github, Postman

Backend Technology

SpringBoot ,Hibernate ORM, JDBC, Servlets, JSP, REST API

Database

My SQL , Firebase

PROJECTS

Career Portal February 2026 – March 2026

- Built a scalable full-stack Career Portal enabling seamless interaction between candidates and recruiters
- Implemented JWT-based authentication and role-based authorization for 3 user roles: Admin, Recruiter, Candidate
- Developed core modules including job posting, job search, application tracking, and role-specific dashboards
- Designed and integrated 10+ RESTful APIs for dynamic data handling with optimized MySQL database operations using Hibernate ORM
- Delivered a fully responsive, user-friendly UI with optimized performance across all devices and screen sizes

Shilpkar May 2025 – June 2025

- Co-developed a responsive website showcased live at a webinar organized by West London University, Dubai.
- Built and integrated RESTful APIs for dynamic data handling.
- Built clean, modern UI with reusable **React.js** components ensuring full responsiveness across all device sizes
- Integrated RESTful APIs for dynamic data handling and improved UI performance with optimized component code
- Collaborated with team members in an Agile environment, following component-based architecture principles

EDUCATION

Computer Engineering July 2020 – June 2024 | Jalgaon
Kaviyatri Bahinabai Chaudhari North Maharashtra University
CGPA: 8.19
